Frogmore has let a floor at its 50 St Mary Axe office development, EC3.

Executive search company Wilton & Bain has taken a 10-year lease on 3,613 sq ft located on the sixth floor of the 32,762 sq ft development.

Jo Allen, director of development and leasing at Frogmore, said: "We are delighted to welcome our fourth tenant to 50 St Mary Axe.

"We worked hard to integrate 'green features' such as chilled beams, cycle provision and shower facilities into the building design.

"The £47.50 per sq ft rent achieved on this letting supports our view that occupiers are prepared to pay an appropriate rate for well-specified space."

Frogmore was represented by Strutt & Parker and Cushman and Wakefield ; J Peiser Wainwright advised Wilton & Bain.
