## Primark to open another store on Oxford Street

### Primark

5 August 2010

Primark is set to open a new store on London's Oxford Street.

The value fashion retailer will open an 85,000 square foot store at the eastern end of the road. It already has a flagship store at the west end of the street towards Marble Arch.

The space will be let from Frogmore Real Estate Partners Investment Managers, advisers to Oriana, the Frogmore Real Estate Partners/Land Securities 50/50 joint venture.

Thomas Davidson represented the Oriana JV and Harper Dennis Hobbs acted for Primark.

Construction work is due to be completed by June 2011.
